Wireless Printing Instructions
for Laptops

You can now print from your laptop to the library's printer. YOU CAN ONLY PRINT IF YOU ARE AT THE LIBRARY AND CONNECTED TO LIBRARY WI-FI. ONLY LAPTOP DEVICES ARE CAPABLE OF THIS FEATURE. You will need an active North Miami Public Library card in order to complete the process. B&W printouts are $.15 per page.

1. Connect to the *CNMLibrary* WiFi

2. Go to the library's website: www.NorthMiamiFL.gov/NoMiLibrary and click on "Click HERE to access the wireless printing."

3. Choose either the print client for Windows or the print client for Mac depending on which operating system you own (MAC is for Apple computers).

4. If you are presented with a choice to either discard or keep the software, you need to choose *"Keep"*.

5. If you are asked if you want to allow client launcher to run, choose *"Yes."*

6. Next, you may need to choose *"Install"*.

7. Next, if you are asked if you want to allow the client launcher program form an unknown publisher to make changes to this computer, choose *"Yes"*

8. After, a minimized LPT: One Print Client window appears in the task bar indicating the application is running (this may take a minute). When the window appears this means both printers has been installed on your laptop.

9. After you have clicked the print button from the website or document that you want to print, you need to select one of the following printers:
   - Patron B&W on 172.20.1.12

10. Next, a window will appear for you to enter you library card number. Type in your library card number and click "OK".

11. Your print job has now been sent to the library Print Release Station. Follow instructions on the Print Release Station in order to pay and release your print job.

If you want to print wirelessly in the future you will need to complete this process again. If you need assistance, please ask a staff member.
